

MAXWELL AND RICHARDS ARE NAMED AGAIN

Second Primary Must Determine Health Commissioner and Recorder.

TUESDAY'S VOTE HEAVY

Total of 3,345 Votes Cast in Primary—Count Lasts Till 3 A. M.

City Attorney John Maxwell and Police Commissioner Ben C. Richards are re-elected. These were the only decisive results of the city democratic primary yesterday, save the vote for water commissioner, city secretary and city tax collector, who were officeholders without opposition.

Heavy voting and close races marked the day. Before the winners of the city recorder's bench and health commissioner are decided a second primary is necessary. None secured the majority of votes cast necessary to election.

Total votes were not in until 3:15 o'clock this morning.

Total votes cast were 3,345, which is heavy for the city.

John Maxwell secured 1,806 votes against Howell Taylor's 1,558 in the race for city attorney. This was a close race throughout, the winner not being determined until the last ward had been heard from this morning.

Police Commissioner Ben C. Richards won over J. W. Prater, 2,091 to 1,267.

Russell H. Kingsbury secured 1,455 votes, Charles B. Braun 1,270 and J. G. Wren 569 in the race for city recorder. Wren is eliminated from the contest and Braun must oppose Kingsbury in the second primary, which will be held in April.

Bryant Allen lead the race for health commissioner. He was given 1,212 votes. W. H. Cockcroft received 1,128, J. W. Hester 517, and Ernest Henry 334. Allen and Cockcroft will be on the ticket for the place for the second primary.

John Davis had no opposition for the city secretaryship. R. L. Stribling without an opponent also remains city tax collector. William Sleeper, R. H. Rogers and R. L. Cartwright were re-elected water commissioners, having no opponents.

TICKET SALE OPENS FOR PAN-HELLENIC BANQUET FEB. 22nd

Tickets for the third and biggest Pan-Hellenic banquet are now being sold by the executive committee. It consists of W. V. Fort, G. B. Rogers and J. D. Willis. Judge Hume of Houston, one of the best after-dinner speakers in the state, has been secured for the principal address, Julian Eltinge, who will be in Waco February 22, the night of the banquet, will be invited. Several cabaret numbers are scheduled.

All Greek letter fraternity men in Central Texas are eligible to the banquet. It is held under the auspices of the Central Texas Pan-Hellenic conference. Tickets are provided for 200 guests.

The affair inaugurates the new banquet room of the Manhattan cafe.

TEXAS MAY NOT HAVE INAUGURAL FLOAT IN PARADE

Mrs. Cato Sells has announced that unless contributions come in at once, swelling the amount contributed from \$400 to \$1,000, Texas will have no float in the inaugural parade. Notification has been sent to all commercial organizations in Texas of the status of the matter.

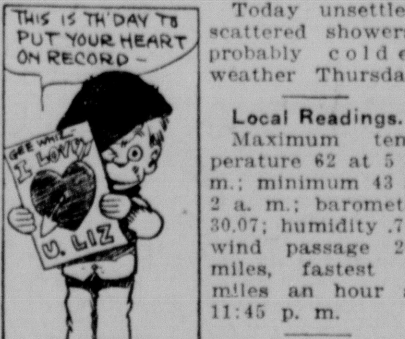

The Waco Chamber of Commerce has not been asked to contribute to the fund to insure a Texas float in the inaugural parade at Washington. The Y. M. B. L. will not be able to act officially on the matter until the directors meet next Tuesday night, and the city government will act Thursday on a request for \$50 towards this fund.

Organize Doctors Lunch Club at Meeting Today

Organization of a Doctors' Luncheon club will be perfected today at noon by members of the profession in Waco, who are to hold a meeting and luncheon at the Gold Room of the Raleigh Hotel at 12:30 o'clock. Dr. J. T. Harrington has been appointed temporary chairman of the proposed organization, and will act as president temporarily.

THE EARNED THINGS.

By John Kendrick Banks.

The sweetest things on all the earth—Take it from one who's learned things—

The things that hold the greatest worth—However small are EARNED things. An heritage is mighty fine—

'Twere foolishness to spurn it—And yet no joy is wholly thine—So much as when you EARN it.

MEXICAN BAND CROSSES LINE; KILL MORMONS

So Say Private Dispatches Received at El Paso From Columbus.

THREE AMERICANS PRISONER

Raid Ranch Near Hachita, N. M., and Steal Food and Horses.

By Associated Press.

El Paso, Feb. 13.—Private advices received late tonight from Columbus, N. M., say three Mormons were killed by a band of Mexicans which crossed the international boundary, sixty miles southwest of Hachita, N. M., today, and raided the "Corner ranch." Andrew Peterson, another Mormon, was held a prisoner, it was said.

H. S. Stephenson, general manager of Palomas Land and Cattle company, said he had received a report that three Americans and seven Mexicans were captured, a number of American horses and mules and \$1500 worth of supplies taken away.

Villa Towards Janos.

El Paso, Feb. 13.—A message received here late today by Eduardo Soriano Bravo, Mexican consul, stated that the Villa party reported at Palomas Lakes last night was heading for Janos, eighty miles southwest.

Villa Band Disappears.

Columbus, Feb. 13.—The Villa band which camped at Palomas lakes late yesterday has disappeared, according to observations made early today from airplanes which skirted the border. Army officers here believe the band was an exploration party for a large force of Villa troops which was reported at Yado Fustes, twenty miles south of the border.

No Preparations as Yet to Intervene in Cuba

Washington, Feb. 13.—The American government is much disturbed over the revolutionary outbreak in Cuba, but while it stands ready to protect its interests there no apparent preparations have been made for active intervention.

Tonight neither the state department nor the Cuban legation had received any information to clarify further the situation described in press dispatches. Officials still hope the Cubans will work out for themselves a satisfactory solution.

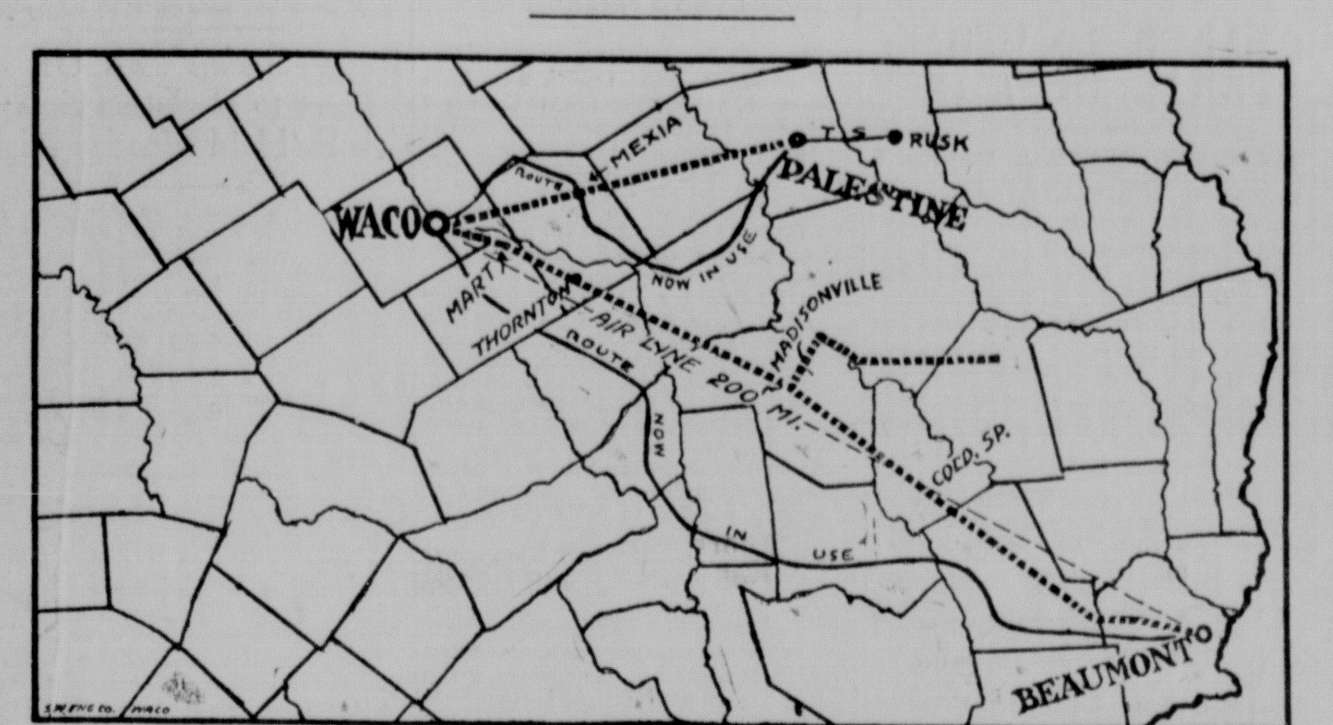

Jamestown Mayor Apes Des Moines—Seizes Coal

Jamestown, N. Y., Feb. 13.—Three cars of coal were confiscated in the Erie yards here today by the police under orders of Mayor Carlston. It is to be sold in small lots to relieve the coal famine here.

Fire at Milford, Texas, Destroys Big Cotton Gin

Milford, Feb. 13.—Fire early today destroyed the Planters' Cotton Oil company's gin here, valued at \$18,000, and it is believed incendiaries were responsible.

Will Rehabilitation of Katy Lines Mark Beginning of Definite Progress on Proposed Beaumont Extension

HEAVY DOTTED LINES PROPOSED WACO TO BEAUMONT AND WACO TO PALESTINE RAILROADS.

While it is yet too early to forecast the result of the rehabilitation plans of the Katy, and their scope, it may be that these plans will result in something tangible regarding the long cherished plan of the officials of this line to build from Waco to Beaumont. The Katy already has sixty miles of road between Waco and Beaumont, extending from Trinity to Colmesneil, known as "The Orphan," as it is completely isolated from the other holdings of the Katy in Texas. The management has made no secret of the fact that they were anxious to

build from Waco to Beaumont, but for the past few years have been hindered by financial difficulties. The map shows two proposed lines from Waco. One to Palestine—the other to Beaumont. Both have been under serious consideration and are fostered by much support.

ARTESIAN SUPPLY FOR ENTIRE CITY

NEW WELL BEING DRILLED IS ANNOUNCEMENT YES—TODAY.

Pure artesian water for Waco within sixty days is the promise of Secretary-Manager E. L. Fulkerson of the Waco city waterworks, made yesterday. A new well is being drilled.

He also said yesterday that the city will have a supply of artesian water during the year except during the extremely hot weather when demands are increased.

Water at the filtration plant can be held in reserve for fires, and can be pumped in fast as it is taken out, improving the situation in case of conflagration.

"Waco uses 4,000,000 gallons of water daily," said Mr. Fulkerson, "all but 900,000 gallons are from artesian wells, the remainder from the filtration plant. The new well is expected to yield enough artesian water to give the city nothing but the thermal flow. Few cities in the United States will be so fortunate."

Among the improvements to the service mains of the system a main is to be laid down South Fifth street, this being an 8-inch main in lieu of the 4-inch pipe.

Recommend Sub Bases On the Pacific Coast

Washington, Feb. 13.—Establishment of a submarine training base in Los Angeles harbor and of a submarine war operating base at San Diego is recommended in a report of the special navy commission to the navy department today.

Bandits Get \$30,000 in Louisiana Bank

Winnabro, La., Feb. 13.—T. B. Gilbert, president of the Franklin State bank here, tonight offered a reward of \$1,000 for the arrest and conviction of the person or persons responsible for the theft last night of \$30,000 from the bank vault. A masked man last night forced the vice president of the bank and a district judge into the vault and forced them to pass out \$30,000 in currency.

Washington, Feb. 13.—The federal reserve board today formally appointed the Philippine national bank at Manila to be correspondent in the Philippines of the San Francisco reserve bank.

Davenport of the Browns Wounded at Runge, Texas

San Antonio, Tex., Feb. 13.—Laying down his rifle at his home in Runge, Texas, this evening, following a hunting trip, Dave Davenport of the St. Louis Browns' pitching staff, was seriously wounded when the weapon was accidentally discharged. A high powered bullet passed through his chest and also inflicted a scalp wound. Davenport was taken tonight to a hospital at Cuero, Texas.

FREE BATHS GIVEN SCHOOL KIDDIES AT EAST WACO SCHOOL

Free baths and free hot lunches are being dispensed at the East Waco school thru the good offices of Wacoans acting with Principal W. R. Marrs. Principal Marrs realized many of the homes in his district were without bathing facilities. He appealed to one of the most progressive women in the city whose modesty keeps her good deeds from the public eye. Her purse provided the bathtub. Now tots who haven't had real honest-to-goodness-all-over baths since last year's swimming season have a weekly bath under the supervision of the school authorities.

Thru other means hot lunches are served to many pupils whose working mothers are unable to provide them.

Bet \$50 Against Sure Thing of \$75,000 and Then Lost His Chance

New York, Feb. 13.—Efforts of Joseph Weinstein, once a Park Row newsboy, to obtain a seat on the stock exchange, received a setback today when membership expelled from membership Albert G. Wheeler Jr., whose seat Weinstein purchased at bankruptcy auction recently for \$50. The expulsion of Wheeler today will now, it is said, prevent Weinstein from using the membership, valued at \$75,000. Wheeler's expulsion, it was announced, followed his notification to the exchange governors that he was unable to meet his financial obligations.

New Laws in Mexico Will Respect Oil Concessions

Mexico City, Feb. 13.—New laws framed by the department of fomento provide that legitimate concessions to oil companies obtained under the provisions of President Diaz and President Madero and from the present administration shall be respected. There has been considerable anxiety among oil men as it was feared that the oil companies would be compelled to seek their concessions on new terms.

Shoot Cashier; Lose Money in Raid on Fuel Office

St. Louis, Feb. 13.—Four bandits entered the cash offices of the Polar Wave Ice and Fuel company here this afternoon during the rush hour of traffic, shot the cashier, Otto Hoffman, and fled with seven hundred dollars in currency. The men dropped the money half a block from the scene of the robbery and it was recovered. Hoffman was wounded critically but is expected to recover.

"Waco For Me"

J. I. Rouse, prominent resident of Waco, says Waco is the best place in Texas to live. He is to become a resident of Waco, and will build a residence in Highland Place at once removing to this city as soon as his home is completed. Mr. Rouse was here yesterday making final arrangements to come here with his family. Mr. Rouse will enter business here. He has been interested in the auto business, banking and lumber.

Dispatch Tells of Split in Persia's Government

Washington, Feb. 13.—Related dispatches received here today from Teheran told how Persia's government has been split in two by revolution. The democratic members of the Persian congress who fled from Teheran in November, 1915 have set up a new government covering the whole of the southwest part of the country bordering on Turkey and under the influence of Turkish and German military forces.

BETHLEHEM VOTES ON INCREASE

Newark, N. J., Feb. 13.—Stockholders of the Bethlehem Steel corporation were authorized by Vice Chancellor Lane late today to hold a meeting tomorrow and vote on the proposed increase of capital stock from \$30,000,000 to \$75,000,000.

UNFOLD PLAN TO "RESTORE" KATY LINES

Bill of Equity Filed Yesterday on Second Mortgage of the Road.

WOULD SPEND \$65,000,000

Application of Receiver C. E. Schoff to Be Granted by the Court.

By Associated Press.

Dallas, Feb. 13.—Judge E. R. Meek in United States court this afternoon, announced he would grant application filed by C. E. Schoff, receiver for the Missouri, Kansas & Texas lines, to borrow \$3,000,000 and issue improvement certificates of indebtedness therefor, when shown how money was to be extended. The Central Trust company and the Bankers' Trust company of New York opposed the \$3,000,000 lien on the ground that proposed expenditures would not be of equal value to mortgages held by these institutions.

By Associated Press.

Dallas, Feb. 13.—Bill of equity and judgment on second mortgage bonds amounting to \$20,000,000 was filed in the United States district court here today against the Katy lines of Texas by attorney representing the Bankers' Trust company of New York. This is the first foreclosure proceedings instituted by creditors.

Holders of first mortgages have as yet taken no action, and according to the railroad's attorneys, none will be taken to have today's bill consolidated with the general receivership case which has for its object the final straightening out of the railroad's financial affairs.

The deed of trust covered by today's proceedings was executed by the Bankers' Trust company and covers a large number of second mortgage bonds.

Recommend \$65,000,000 Expenditure.

St. Louis, Feb. 13.—The Missouri, Kansas & Texas railroad should spend \$65,000,000 in rehabilitation and improvements during the next eight years, according to a report made today by J. W. Kendrick of Chicago, who has just completed a survey of the lines. He said that \$4,500,000 could be saved annually thru improvements and increased efficiency. Mr. Kendrick was employed by New York bankers to make a survey of the road. Mr. Kendrick approved a budget submitted by Charles E. Schaff, receiver, covering the work of rehabilitation and expansion deemed necessary to put the system in condition to operate with the greatest economy.

The budget provides \$12,500,000 for track replacement, drainage, ballast, protection of roadbed and bridges and \$14,000,000 for grade revisions and extensions.

Mr. Kendrick estimated that the gross earnings of the system in 1929 will be \$39,000,000—which is six millions more than for fiscal year ending June 30, 1916. The operating expenses for the year 1929 he estimated should be about the same as last year—\$25,000,000.

Coming Tailoring Styles Show No Radical Changes

Philadelphia, Feb. 13.—Models of coming styles exhibited at the convention of the National Association of Merchant Tailors which opened here today showed no radical change from last year. Among the novelties inspected by the four hundred delegates was a "trench" coat patterned after the coats worn by soldiers abroad.

Cupid Fails to Increase His Batting Average

Dan Cupid makes some bad matches in his expeditions and McLennan county offers no exceptions, according to court records.

One out of every four persons united in the holy bonds of matrimony appeal to the court to be "untied."

Yes, more court records. Investigation on the part of a News court house reporter found that in 1916, 1,455 marriage licenses were issued. In 1917, District Clerk R. V. McClain's department brought the information that in the three district courts 350 divorce cases had been tried during the year. Practically every one was granted. There was a larger number filed but some were withdrawn before they were disposed of by a hearing of the judge.

Nearly three hundred more marriage licenses were granted in the past year than were granted in the year before. The number of divorce cases tried indicate the same percentage of increase showing the "match-breaker" is keeping up with the "match-maker" in the "one out of four" record.

ENGLISH SUFFERING GREAT LOSSES DUE TO SUB ACTIVITIES

FOUR BILLION TONS OF SHIPPING DESTROYED SINCE BEGINNING OF WAR.

By Associated Press.

London, Feb. 13.—In the house of lords today Admiral Baresford, calling attention to the submarine menace, and asking that measures be taken to meet it, said:

"We have lost since the beginning of the war four million tons of shipping. That is a fact which the public should know but it is not nearly as serious as it appears. We have made up the loss very considerably. Three million tons which have been lost have been more or less adequately filled. There is not the slightest necessity for panic. We have done remarkably well."

The country, Baron Baresford continued, had been informed in August, 1915, that the submarine menace was well in hand. As far as could be gathered it was nearer well in hand today owing to the new ideas brought to the admiralty by men fresh from the sea who had had experience in this novel form of warfare and its mysteries.

Germany Not Avoiding War.

Berlin, Feb. 13.—It is absolutely denied here that Germany in a note to the United States or through any other medium is inviting suggestions for the avoidance of actual war. It is reiterated that the imperial government is not permitting doubts in any quarters regarding the position actively assumed in the U-boat warfare and that there can be no talk or thought of recession from the program already being carried out.

Passenger Swamped.

New York, Feb. 13.—The Spanish, now the only neutral passenger service operating between this country and Europe, is swamped with business, officials said today. The vessels do not have to enter the submarine zone.

Austrian Sub Sunk.

Newport News, Va., Feb. 13.—An Austrian submarine was sunk by gunfire from the British steamship Oxonian in the Mediterranean sea December 28, when the undersea boat attacked the steamer, according to members of the crew of the Oxonian, which returned here today from Alexandria, Egypt.

Igel to Sail.

New York, Feb. 13.—Wolf von Igel, former secretary to Capt. Franz von Papen, dismissed German naval attaché, will be permitted to sail tomorrow on the Frederick VIII, as a member of Ambassador von Bernstorff's staff, although under federal indictment charging him with alleged complicity in a plot to destroy the Welland canal, federal officials admitted here today.

Mexicans Are Patrolling Coast With Ondina on Lower California

Mexico City, Feb. 13.—The ship Ondina has been placed at the disposal of the authorities at La Paz, Lower California and will be used to patrol the coasts of that territory.

Mart Maiden Makes Inquiries About "Uncle" Samuel Thrift

A letter has just been received from a beautiful young lady at Mart, Texas (the term beautiful young lady being used as a precautionary measure. In case of war being declared, in which among many nice things she says about Waco, etc., also several questions are asked about Uncle Samuel Thrift. "Why is he so much mooted Uncle Samuel Thrift?" she asks. "He is a man who has been married and has a wife and is he coming to Mart, and why does he wear the national colors, etc." "List little one, "Uncle Samuel Thrift" is not much versed in the language of love. He doesn't know how to answer some of the interesting questions you asked in a manner that he would be sure that it would comply with the etiquette of Thriftdom. He is sure of one thing and that is that he will stay shy of the pitfalls of courtship and there are reasons for it greater and more powerful than the stars and stripes that he wears indicate.

"Uncle Samuel Thrift is the nationally recognized head of a new social order, only a few months old, which bears the name of the Thrift Club. To be a member of this organization you must be a thrifter. That doesn't imply that you are a miser. Not at all. The rules and regulations of the club press for the taking up of all lost motion both in the home and in the business, in the church, lodge, organization of every kind and manner.

Not Clannish.

The Thrift club is not clannish. It not only stands for the taking up of lost motion, but it deals in a positive way with the fundamental principles of life; the price, the quality, production, marketing, etc., of what we eat, wear, use. It also takes in the important item of what we save. Then it joins in with the more important question of what we do. Now there you have some of the reasons as to why Uncle Samuel Thrift disguises himself, but there are other reasons. Among other things he said to her here is part of his reply, and it fits so admirably in part of my answer to Mart's young and beautiful lady, I hand it freely as my sentiments:

"Up there in her cliche little office, where the news of the world flows through her slim fingers and commerce disguised as freight trains puffs and groans at its heavy tasks outside her window—up there in the prairies where the wintry winds huddle down from Manitoba and the bank robbers make their rendezvous in the cotton-wood thickets, the Oklahoma young lady reads this column and wonders what on earth its writer looks like. And that is S. P.'s one grief. Dear young lady—he looks like the dickens with a dough face on! The art of the barber, the dexterity of the manicurist, the ingenuity of the tailor and

BRITISH MAKE BIG PAYMENT ON BILL

By Associated Press.

New York, Feb. 13.—Gold amounting to \$25,000,000 has been sent from Canada for J. P. Morgan & Co. for account of the British government. It was learned today. This is the first large consignment for British account since early in January.

RUMOR SAYS REVOLT STARTS IN HAVANA

PRESIDENT MENCAL ISSUES A CALL FOR VOLUNTEERS.

By Associated Press.

Havana, Feb. 13.—President Menocal has just issued a decree authorizing a call for volunteers between the ages of 18 and 45 years to serve for a period of ninety days. It is rumored that the former president, General Jose Miguel Gomez, has landed at Camaguey and that Lieutenant Colonel Quinones, commander of the Camaguey forces, has revolted with all his men. Communication with Camaguey still is severed and no train has arrived from there since yesterday.

The president's decree calling for volunteers announces that it is not necessary for those responding to be Cuban citizens nor that they should be able to read or write Spanish.

General Gomez is one of the leaders of the liberal party in Cuba and often was mentioned for re-election as president. He was once quoted as saying that the election of President Menocal would mean revolution. It was reported that he left Havana aboard his private yacht on Friday just before the revolutionary outbreak.

Menocal Asked to Resign.

New York, Feb. 13.—Dr. Orestes S. Ferrara, speaker of the Cuban house of representatives, who is now in this city, made public tonight a cable message he had sent to President Menocal calling upon him to resign in favor of President Varona. If he would "leave a name that shall not be cursed by your children, because connected with an era of your brother's bloodshed and the loss of your republic."

Strike Medal in Memory of Defense of Verdun; Great French Struggle

Associated Press Correspondence.

Paris, Feb. 13.—An official medal commemorating the defense of Verdun has been struck by order of the municipal council of that town. It was designed by the engraver, Vernier. The face of the medal shows a figure representing France, wearing the new Adrian helmet and wielding a sword. Above it is the device, "On ne passe pas" (no thoroughfare). On the reverse side are the arms of the city of Verdun, with the date of the attack by the crown prince's army, "February 21, 1916." The medal is to be sold for the benefit of victims of the war in the department of the Meuse.

BERNSTORFF HOPES FOR PEACE TERMS IN NEAR FUTURE

EIGHT-YEAR STAY ENDED BY GERMAN COUNT—BIDS GOOD-BYE TO FRIENDS.

By Associated Press.

Washington, Feb. 13.—In a farewell statement before leaving tonight for New York to sail for home, Count von Bernstorff expressed the hope that war between the United States and Germany might be averted and that friendly relations soon be re-established. The former ambassador said to a group of newspaper correspondents at his house:

"In leaving the United States after a stay of eight years I wish to extend to my many personal friends my heartfelt thanks for the great kindness and cordial hospitality they have shown me. My heart is full of gratitude to those whose personal feelings never wavered during the trying years of the war. In the last days I have received so many cordial farewell messages that it was impossible to send thanks to them individually.

"Countess von Bernstorff joins me in this expression of our deepest personal gratitude.

Wants Friendly Terms.

"I hope that war may be averted and that old friendly relations between the United States and Germany may soon be restored."

The former ambassador, together with his wife and his suite, left Washington late tonight in a special train placed at their disposal by the state department and guarded by United States secret service men. The train will carry the party within a short distance of the Danish steamship Frederick VIII, which is due to sail for Copenhagen by way of Halifax at 2 o'clock tomorrow afternoon.

The entire party expects to go directly aboard the ship.

Gets Farewell Letter.

All of today—his last day in Washington—the former ambassador remained within the embassy building, saying goodbye to many personal friends and reading letters of farewell from friends and officials and diplomats in Washington who felt that in view of the situation they could not properly call in person. In the afternoon the Swiss minister, Dr. Ritter, formally took over the charge of the embassy and its archives. Two German clerks were left behind to assist Minister Ritter. Eventually their return to Germany probably will be arranged by the state department.

Later the newspaper correspondents arrived. As in former days the count sat in front of the first many personal friends and reading letters of farewell from friends and officials and diplomats in Washington who felt that in view of the situation they could not properly call in person. In the afternoon the Swiss minister, Dr. Ritter, formally took over the charge of the embassy and its archives. Two German clerks were left behind to assist Minister Ritter. Eventually their return to Germany probably will be arranged by the state department.

Not Talked Politics.

"I have not talked politics with any one since the break came," he said. "Any statement to the contrary is pure fiction. You can believe me when I say this. I have never lied to a newspaper correspondent since I have been in Washington. Sometimes I have not told you all I knew because in the position I occupied that was impossible, but whatever I have told you has been the gospel truth."

"Will I ever come back to Washington?" he continued in response to another query. "Well, I am not thinking about that now. I am thinking about going back to Germany."

Goes First to Berlin.

"Where am I going when I get to Germany?" That all depends. I am going first to Berlin. Then maybe I will go to my place near Munich. I don't know just what I shall do. It is all so uncertain. If I knew I would tell you. The only things I do know now I cannot talk about. I have turned everything over to the German minister and he will have to talk about them in the future."

As the correspondents departed, Count Bernstorff shook hands and said goodbye to each as he passed out. Minute packing was completed and Count and Countess Bernstorff were driven near midnight to the station where their party already had assembled.

Y. M. C. A.-REAGAN CLASH IS FRIDAY

Members of the Midget basketball team of the Y. M. C. A. will clash with the team representing Reagan high school Friday night at the Y gymnasium.

Friday's game will be the hardest contest the Y. M. C. A. team has had opportunity to play this season. The Reagan five having defeated all teams who have opposed them on their own court this season.

While the Midget quintet has not made quite the record held by its opponent, they have not been defeated on their home court.

Railroad and Town Destroyed In Destructive Fire

Falling Telegraph Poles Cut Off Outside Communication and Rescue Train Arrives None too Soon

Some of the most wonderful forest fire scenes ever staged appear in the Vitaphone five-part Blue Ribbon Feature, "The Ninety and Nine," starring William Courtenay and Lucile Lee Stewart, which was directed by Ralph W. Ince, and which is the attraction at the Rex theatre on today and tomorrow.

This story, which is a screen adaptation of Ramsey Morris' well known stage success of the same name, demands that the hero and heroine dash through the burning forest in an endeavor to save the souls in the town beyond. For "There were ninety and nine who safely lay in the shelter of the fold—but one was out in the fields away—far from the gates of gold."

Director Ince spared no trouble or expense in making these scenes, the most beautiful and spectacular ever filmed. Miles and miles of forests can be seen blazing while mountains of deep grey smoke cover the sky and make the scene dark and drear. The deer in the heart of the woods flee

TREASURY DEFICIT OF \$333,400,000 FOR 1917 FORECAST

SENATE FINANCE COMMITTEE RECOMMENDS INCREASE IN BOND ISSUE.

By Associated Press.

Washington, Feb. 13.—A treasury deficit of \$333,400,000 at the end of the next fiscal year is forecast in a report submitted today by the senate finance committee, recommending that the administration revenue bill be amended to authorize a bond issue of \$195,256,000, or \$100,000,000, and that the authorization for certificates of indebtedness be made \$500,000,000 instead of \$500,000,000.

Recommendation for increases is based on revised treasury department estimates submitted to congress since the bill passed the house, placing the federal government's expenditures for the fiscal year 1918 at \$1,400,000,000. The committee estimates that to meet this total and provide a working balance the amount which must be raised by bonds and new revenue legislation is \$333,400,000. This the committee proposes to raise as follows:

By bond issues. For expenditures on account of Mexican situation to June 30, 1917, \$162,418,000; for construction of Alaskan railroad to June 30, 1918, \$21,000,000; for construction of armor plate plant \$11,000,000; making a total bond issue of \$195,256,000.

New Taxation Profits. An excess profits tax \$226,000,000; inheritance tax increases \$22,000,000, making a total of \$248,000,000, and a grand total from new taxes and bonds of \$443,256,000, or \$9,526,000 in excess of absolute needs.

In its report the committee explained that the proposed authorization to issue short term certificates of indebtedness up to \$500,000,000 is for the purpose of tiding the treasury over until the new taxes come in. A large portion of the total revenues of the government now is payable during the last month of the fiscal year and probably more than \$500,000,000 of revenue would, in the opinion of the committee, be collected during June, 1918.

The income tax, the excise tax, manufacturers' tax and the excess profits tax are due and payable in June of each year," the report says. "This is practically as much as will be collected during the entire period of eleven months. That is, while the disbursements for 1918 may be less than the receipts for that year, still at certain periods prior to June the treasury may need these certificates of indebtedness to tide it over."

The bill probably will be brought up in the senate Friday.

Baseball Players' Move to J-in Federation of Labor Mistake, Is Belief

By Associated Press.

Detroit, Mich., Feb. 13.—The movement of the Baseball Players' Federation to join the Federation of Labor was a mistake in the opinion of William J. Byron, a National league umpire, and himself a union man.

Byron belongs to the steamfitters' union. During the winter months he works at his trade. Playing ball, he says, isn't labor at all. There is nothing in common, Byron believes, between dashing over a baseball diamond for a couple of hours every afternoon and wrestling pipes or running a machine for eight hours.

"The terms of a ball player cannot be measured in terms of anything the union labor recognizes," he said. "You couldn't fix an hourly wage, nor a daily wage. Unions probably would not want to put up a fight to give ball players a bigger annual remuneration than is earned by skilled laborers. It wouldn't be consistent."

THEATRES

AUDITORIUM.

Majestic Vaudeville. Theatregoers have been promised a strong Majestic bill in the program which opens at the Auditorium this afternoon. Headed by "Honk, Honk, Marbo," the program comes here well recommended by press notices in cities where it has been given. "The Meanest Man in the World," considered one of the cleverest sketches in vaudeville, is another good act.

Neil O'Brien and Minstrels. The annual engagement of Neil O'Brien and his famous minstrels comes to the Auditorium Friday night. This year O'Brien presents a new show and has with him Eddie Ross, "Lasses White, Happy Benway, Major Nowak, James Barard, Leslie Berry and Jonathan Haw.

HIPPOTROME.

"A Wife by Proxy." "A Quadrangle of Love" could be substituted for "A Wife by Proxy," which the Hippotrome presents today and tomorrow. There is first a man without a soul, then an adventure; then a young man whom fortune and happiness the spoils sought, and Jerry, the witty, clever, little immigrant girl who battles with great odds and wins out in the startling finish of this sterling production.

QUEEN.

Management of the Queen theatre has secured a picture of unusual merit for their program Thursday and Friday. "Purity," a morality photoplay featuring Audrey Munson in the dual role of Virtue, an allegorical character, and Purity Worth, the girl who will be at the Queen Thursday and Friday.

The picture unfolds a story based on the idyll that is not only one of intense interest but carries with it powerful revelations that are startling. The story carries one back thousands of years to the time when all life was in harmony with nature.

REX.

"The Ninety and Nine." Ralph W. Ince, director for the Victorograph photo film company, has produced one of the most wonderful five-part films from the standpoint of stage setting and scenery that have been seen in Waco for some time. The film, a Blue-Ribbon feature, "The Ninety and Nine," will be at the Rex theatre today and tomorrow.

Musical.

The musical benefit which the women of the First Presbyterian church are arranging for Thursday evening at the W. E. Colgin home on Austin avenue is progressing nicely. Many favorite voices and musicians of the city will be heard.

Ocotilla Bridge.

A hot luncheon concluded the enjoyable hours of bridge spent with Mrs. H. T. Cruger by the Ocotilla Bridge club on Monday at which Mrs. W. H. W. Jones received a hand embroidered guest towel as club favor for highest score of the afternoon. They will meet with Mrs. J. H. Barnard next.

Mrs. Charles Rosenthal's Matinee Box Party.

The large box party for Majestic vaudeville this afternoon will be given by Mrs. Charles Rosenthal of Washington street and in compliment to Miss Mildred Freund, Miss Henriette Herald of Shreveport and Mrs. Harvey Golding, a recent bride. Lunch at the Hotel Raleigh will follow.

Texas Guinan Here.

With the Majestic vaudeville of today and Thursday will be seen Texas Guinan, former show girl, who as a little girl lived in one of the select neighborhoods on North Fourth street quite a number of years ago. Alfred Abeel, the Sam Halls, the E. C. Gardner, a former vaudeville artist, who is among the families with whom she was closely associated as a little girl, and while in the city several or all of them will extend social courtesies. Mr. and Mrs. Guinan will call on certain for her at the Country club. Texas Guinan is accompanied always on her tours by her mother, Mrs. M. Guinan.

The Press Club Symposium.

Rehearsals are under way and everything is ready now for the presentation by the Waco Press club of the Symposium at the Auditorium on the evening of February 17. Miss Sallie Keith, as Santa, in the scene from the "Flying Dutchman," will create a wonderful amount of admiration.

Little Sara Sonneman will be seen in the Piffly dance. Mary Chamberlain and Ruth Hill will each dance solo dances.

Luther Meyer of Austin will give a Hawaiian solo for the Press club symposium. He is a singer with a voice of unusual sweetness.

The Press club symposium will also present a scene from "Ruth and Naomi" with Mrs. Sim Hassler as Naomi and Miss Pauline Crawley as Ruth. Miss Irene McLendon will take the part of Orpah. The cast is good and a splendid chorus of thirty voices will give added charm. Ten violinists, all played by talented women, are another of the drawing attractions.

Mrs. Walter L. Reese for Mrs. Kittrell.

Mrs. Walter L. Reese paid compliment to her friend and neighbor, Mrs. W. R. Kittrell, on Monday by inviting a congenial company of the honorees close friends into her home to make merry with Mrs. Kittrell on her natal day. While the hair is silver, the heart is young, and friends are legion with Mrs. Kittrell, who is a universal favorite in her neighborhood.

Mrs. Kittrell is the mother of Mrs. W. T. Farley, of whose household she is a member. This natal day was celebrated with a Valentine party. Valentines bearing pretty sentiments for the honoree were the souvenirs and the red heart was also seen in the salad mould. Original lines written by Mesdames Bullock and Saunders were read and pronounced most clever. The lines were inspired by love for the honoree. Enjoying Mrs. Reese's hospitality were Mesdames J. W. Turk, C. C. Lastinger, W. T. Farley, B. E. Bray, W. I. McReynolds, R. V. McClain, T. C. Edmundson, N. F. Norris, T. M. Dilworth, Lee, R. L. Cartwright, B. R. Mason, C. D. Bullock, Olcott, J. W. WOMAN CONVICTED LARCENY CHARGE BY ATLANTA JURY

WITH HUSBAND MRS. INNES HAD BEEN ACQUITTED OF MURDER IN SAN ANTONIO.

Atlanta, Ga., Feb. 13.—Mrs. Ida May Innes, of Eugene, Oregon, was convicted of larceny after trial in superior court here tonight, according to announcement made by John M. Green, foreman of the trial jury. Both Mrs. Innes and her husband, Victor E. Innes, were brought here for trial on larceny charges after their acquittal in San Antonio, Texas, of the murder of Mrs. Eloise Nelms Dennis and Beatrice Nelms of Atlanta. Innes recently was convicted and sentenced to seven years in the penitentiary.

Trial of Mrs. Innes began yesterday. It was charged that she had been connected with her husband in getting the two Atlanta women to trust them with several thousand dollars for investment purposes. When the case went to the jury late today after Mrs. Innes had made a statement to the jury denying the charges, Judge Ben H. Hill, presiding announced that in case a verdict was returned tonight the jury would seal it and deliver it in court tomorrow. He granted permission, however, for the foreman to announce the verdict. Foreman Green, in making public the verdict, said it carried no recommendation of any kind.

Miss Nelms and Mrs. Dennis, daughters of J. W. Nelms, former sheriff of Fulton county, disappeared in San Antonio in June, 1914, and after lengthy legal proceedings Mr. and Mrs. Innes were extradited from Oregon for trial which resulted in their acquittal. No trace of the bodies of either of the missing women ever was found.

Favor Pension Measure. By Associated Press. Washington, Feb. 13.—A retirement bill under which civil service employees would pay dues of not more than eight per cent of their salaries and would retire at seventy on half pay was favorably reported today by the senate civil service committee. For the first fifty years the government would subsidize the retirement fund and at the end of that period it would be self-supporting. Pensions would be limited to a maximum of \$600 a year.

For the first year the system would cost the government \$2,750,000. The annual cost would increase to about \$5,500,000 during the first twenty-five years and then would begin to decrease. The committee's report says that of the 250,000 persons in the civil service 5,000 are over seventy.

Declare King Alphonso Does Not Have Freedom of Action in Kingdom

By Associated Press.

Madrid, Feb. 13.—(Via Paris, 2:25 p. m.)—During a spirited debate on the economic situation today, Count Alvaro de Romanones, the premier, declared in the chamber of deputies that the cabinet was willing to resign if its critics believed that another could do better.

Senor Antonio Maure, the leader of the conservatives, said that at the time of the last cabinet crisis the present government lacked vigor and cohesion. He also asserted that King Alfonso did not enjoy full liberty of action.

To this Count Romanones replied that the king had complete liberty to act. He added that the ministers would resign if advisable.

HIS CHILLS AND MALARIA GONE

Little Rock, Ark.

Dear Sir—Many in Little Rock know E. C. Barker, who delivers water about the city from Raleigh Springs, and noticed his condition, he being hardly able to get into his wagon, or up a flight of stairs. He says: "Some time in August last, while on a visit I was taken sick from drinking bad water, and came home with chills and malarial fever, which confined me to my bed the greater part of the time for a month, and weakened me and reduced my flesh terribly. Some time after I again took up my delivery work, I weighed but 112 pounds. I tried several medicines but nothing seemed to fill the bill or to take hold and start me on the upward turn, until I began taking McCroskey's Tonic; and before I had taken one bottle of the tonic I weighed 140 pounds and had an appetite as big and keen as all outdoors in the Arctic Circle.

"And the tonic will build you up, if run down, and is one of the best blood purifiers on the market. I know it has been worth a great deal to me and although we are all aware that a medicine does not have the same effect on all, in view of its price it is well worth a trial under the manufacturer's guarantee."

Dated this 17th day of March, 1910.
McCroskey's Tonic is made in Waco. Sold everywhere. Ask your druggist—Adv.

The groom is a well known young business man of Dallas and immediately following the ceremony the couple left in an automobile.

Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In many instances—Persons have suffered untold agony for years doctoring for nervous weakness, stomach, liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood—Now to tell.

New York, N. Y.—In a recent discourse Dr. E. Sauer, a Specialist who has studied widely both in this country and Europe, said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and therefore nothing you eat does you any good. As a result of this continuous blood and nerve starvation, people become generally weakened and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; and some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night, others are sleepy and tired all day; some are irritable; some are thin and bloodless, but all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your flagging vital powers for the moment at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times

per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run down people who were ailing all the time double, and even triple their strength and endurance and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form and this, after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The only trouble was that the old forms of inorganic iron like tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated and for these reasons they frequently did more harm than good. But with the discovery of the newer forms of organic iron all this has been overcome. Nuxated iron for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial.

NOTE—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they authorize the announcement that they will forfeit \$100.00 to any Charitable Institution if they cannot take any man or woman under sixty who lacks iron and increase their strength 200 per cent or over in four weeks' time, provided they have no serious organic trouble. Also they will refund your money in any case in which Nuxated Iron does not at least double your strength in ten days' time. It is dispensed in this city by Powers-Kelly Drug Co., W. B. Morrison Drug Co., and all other druggists.

STOP! CALOMEL IS QUICKSILVER

IT'S MERCURY! IT ATTACKS THE BONES, SALIVATES AND MAKES YOU SICK.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and cannot salivate.

Children and grown folks can take Dodson's Liver Tonic, because it is perfectly harmless.

Calomel is a dangerous thing. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic acts better than horrible calomel your money is waiting for you.

GAINED THREE POUNDS IN TWO DAYS TAKING ONLY 2 BOTTLES

WELL KNOWN FARMER SAYS HE NOW FEELS BETTER AFTER TAKING TANLAC THAN HE HAS IN THE PAST TWENTY-FIVE YEARS.

WAS IN MISERABLE HEALTH

Says He Had Tried Everything Before Taking Tanlac But Couldn't Get Any Relief—Is Prominent Man in His Section.

"Yes, sir, I have actually gained twenty pounds on two bottles of Tanlac and I now feel better than I have in twenty-five years," said George W. Perdue of Edmonds, Okla., a few days ago. Mr. Perdue is one of the best known and highly esteemed farmers in that section, where he has engaged in raising grain and livestock for over ten years. Relative to the merits of Tanlac, the new medicine which is gaining such widespread popularity, as shown in its action on his own case, Mr. Perdue continued:

"I have often seen the time when it seemed to me that the awful pain I suffered from indigestion after eating would nearly draw me double. Food soured on my stomach and formed gas that swelled me up until I almost had to gasp for breath. I go so that I was just afraid to try to eat and even the smell of cooking would make me feel sick. I lost weight and got weaker all the time. Sometimes for weeks I wouldn't get two hours sleep any one night and my nerves got in such a shape from lack of rest, that I would jump at the least little sound. 'Mucus dripped into my throat nearly all the time and my nostrils seemed to be stopped up entirely from catarrhal trouble. Pull pains in the back of my head almost drove me wild and my ears roared like a steam engine, which affected my hearing. My eyes were watery and burned like they had acid in them and mists would come up before me so bad that I couldn't see at times. I went to see a specialist and he told me I had catarrhal inflammation of the head and stomach, and I began to try every treatment I could find, but nothing I took relieved my trouble. I read a testimonial in the paper about Tanlac being good for this condition and thought I would see for myself."

"It may sound remarkable, but anybody can just look at me and see the good Tanlac has done me. I have taken two bottles and am on my third and my eyes are as clear as a crystal. I have an appetite that surprises all my folks and everything I eat does me good. My weight has come back in a hurry and I am gaining every day. I can do as much work now as any hand on my farm and lay down and get a good night's rest without ever waking up one single time. I feel like a brand-new man all over and give Tanlac the whole credit for my improvement, as it is the only medicine I ever took that did me any good at all."

Tanlac is sold in Waco by Morrison's Old Corner Drug Store under the personal direction of the special Tanlac representative.—Adv.

Fort Worth Pushes Union Depot Plan Before Commission

By Associated Press. Austin, Tex., Feb. 13.—Petition of the city of Fort Worth for the construction of a union passenger depot by the railroads entering that city was considered by the railroad commission at its regular monthly meeting today. A large delegation of Fort Worth people were present at the hearing. George W. Thompson, general attorney of the Texas and Pacific railway, on behalf of the railroads, declared there was no necessity for a union station at Fort Worth and that the Santa Fe and Houston and Texas Central railroads have commodious depots. W. A. Hanger, attorney for the city of Fort Worth and the Fort Worth Chamber of Commerce, Capt. B. B. Paddock, honorary president of the Chamber of Commerce of Fort Worth, made vigorous pleas for the construction of the depot. The commission also heard the petition for adequate depot facilities at Sagerton, on the Kansas City, Mexico and Orient, after which the petition was dismissed as the road has agreed to build the depot.

BOXING BOUT BILL TURNED DOWN BY REPRESENTATIVES

THIRTEEN MEASURES ARE SIGNED YESTERDAY BY GOVERNOR FERGUSON.

By Associated Press. Austin, Feb. 13.—The bill by Beard of Harris county allowing ten-round boxing bouts was killed today in the house of representatives when the enacting clause was stricken out. It was defeated by an overwhelming number of negative votes. The house passed several bills of local nature and endorsed after some debate the bill by Representative Peyton which provided for the appropriation of \$25,000 for the balance of the fiscal year and \$45,000 for the next fiscal year to aid in stamping out hookworm, malaria and typhoid in Texas. There was objection to the measure from the chronic objectors to everything carrying an appropriation, but it had the usual effect and the bill was engrossed. The sub-committee of the committee on constitutional amendments completed its work of drafting a bill and this will be considered today by the full committee on constitutional amendments. The bill provides for a submission amendment to the constitution and it is believed will be reported from the committee as originally outlined by Mr. Spencer, providing for a prohibition of manufacture, sale, barter, exchange, transportation interstate or intrastate and for storage.

May Investigate University. The senate committee hearing the question as to an investigation of the University of Texas heard Governor Ferguson during the afternoon and went into executive session to formulate its report as to whether a university investigation shall be made.

Would Amend Penal Code. Austin, Feb. 13.—Senator Johnson of Harris today introduced an article defining and providing a penalty for the offense of negligent assault and battery. At present the law covers negligent homicide but not negligent assault and battery.

Among the other bills introduced were: By Buchanan of Bell, relating to the sale of property which has been valued contrary to the idea of the owner's value by boards of equalization. By Hudspeth, permitting the prospecting and development of minerals on public lands owned by the state. By Hudspeth, exempting cattle inspectors from the provisions of the anti-pass law.

Governor Signs Bills.

Austin, Feb. 13.—The governor today signed the following bills: Senate bill amending the county depository law so as to require collectors to deposit their money in depositories as fast as collected. Senate bill appropriating \$157,000 to construct a fireproof dormitory at the College of Industrial Arts. Senate bill creating the Crockett independent school district. Senate bill reorganizing the Seventy-fifth judicial district and adding Tyler county thereto. Senate bill making an emergency appropriation for dormitory at the A. & M. college and also appropriation to support the summer school. Senate bill making an emergency appropriation for the West Texas State Normal. Senate bill appropriating \$152,000 for the completion of the state blind institute. House bill relating to the employment of women.

TEXAS GUARDS TO REMAIN ON BORDER SAYS GENL. FUNSTON

COMMANDER ACTS UNDER INSTRUCTIONS IN MAKING ANNOUNCEMENT YESTERDAY.

By Associated Press.

San Antonio, Tex., Feb. 13.—Acting under instructions from the war department, General Funston today advised all national guard organizations on the border not already designated to go home that "all officers not accountable for public property and all enlisted men on leave of furlough or who may subsequently be granted same will be ordered to report to their home department commanders for muster out." The order also provided that leaves and furloughs be granted only under exceptional circumstances from now on.

Although official comment was withheld concerning significance of the order it was construed in military circles to mean that the government intends sending all remaining state troops home from the border as quickly as possible, with exception of the Texas national guard. The order excludes the Texas troops.

According to officials at headquarters, the homeward movement of state troops that is now in progress should be practically finished by February 20. This would leave the way clear for additional units to be designated for release.

Departure of the second battalion of the first Minnesota field artillery, at Llanito Grande scheduled for yesterday, has been postponed until February 16. The first battalion of the first regiment will start home from Llanito Grande the next day. The Sixth Pennsylvania infantry left El Paso yesterday. Several organizations are under orders to move from the border tomorrow, but no movements are scheduled for today.

SHORT ONES.

Nope, Americans are not unanimous, but the minority is too insignificant to count.

With both sides saying they are determined to end the war soon, there is again hope that 1917 may be peace year.

Still, the Kaiser's probably not losing sleep over Brazil's warning that Germany will be held responsible if Brazilian ships are sunk.

No wonder ocean freighters bound toward the torpedo zone have difficulty in getting wireless operators, who are only paid from \$40 to \$60 a month.

From one point of view it's merely a matter of spelling—Kaiser Bill would steal England's nerve, while King George says Germany's threats only serve to steel England's determination.

REAL PATRIOTISM.

HENRY Ford has told the government that he will stop making automobiles at his great Detroit plant and begin making war munitions the minute the government says the word.

And to show that the quality of his Americanism loses nothing because of his love of peace, he adds that whatever he is called upon to produce for the government will be turned out at cost without one cent of profit.

When it is considered that the normal profits of the Ford company are upwards of \$1,000,000 a week, Ford's offer is the kind of patriotism that means something more than singing the Star Spangled Banner.

According to Washington dispatches, the heads of great manufacturing concerns in all parts of the country have been pouring similar offers into the navy and war departments.

When this country decides to make a real start to prepare for defense or war, which it ought to do at once, it is going to give the world a startling demonstration of patriotism and industrial efficiency.

This demonstration will be no less surprising to most of us Americans than to those foreign critics who have mistaken our patience and love of peace for lack of patriotism and courage.

There is more potential military strength, considering wealth, natural resources, machine-power and population, in the United States than in any three of the countries now at war in Europe.

If we are called upon, as we may be, to throw this strength into the scales of the war, can it be doubted what the result will be?

EVERY street intersection in Waco should be labeled. Visitors or citizens living here but not familiar with all Waco frequently use the doorbell to locate the street they want. Few know every street in the city and even the pioneer Wacoan finds it hard to keep up with the fast-growing sections.

The city commission should wake up at the next meeting. The cost of street signs compared with the benefits is negligible.

WISE OLD TERAUCHI.

PREMIER Terauchi is a fire-eating Jap at heart, but shows that he has room in his skull for patriotic sense, when he says:

"I observe with no little misgivings that the beautiful life of simplicity in the countryside is in danger of being disturbed by the increasing invasion of vain and flippant customs and manners."

What ails the Japs is war munitions prosperity. Industrially and financially, Japan is convalescent from the war with Russia.

Probably for the first time the Japanese people are not thinking so much about the glory of war and national expansion as about the glory of money-making, and when this psychological change comes to a people that never has had much, the simple country life usually has to take a back seat while folk go to town to "blow themselves in" on the vanities and flippancies.

A transfer of popular sentiment from the field of glory to the field of 25 per cent profit naturally causes misgivings to old warriors like Terauchi and

his class. When the five per cent of Japan's aristocrats again call on the common folk to fight, they may find said common folk too fat and happy to do it with the old spirit. More than one great nation has perished because the folk abandoned simplicity of the country life and went in for the vanities and flippancies.

OBSERVING VILLA.

IT'S again up to Villa. Pershing's "punitive expedition" is on its way home, punished by climate, disease, snipers and fleas, and Washington is concerned as to Villa's next move. Carranza never makes a move.

Studying history, we discover that when Villa raided Columbus, he was a bandit in command of only small and scattered bands of bandits. He is now accredited with an army of 8,000 armed men and is called General Villa.

It will be easy for Villa to convince his following that he drove the United States army out of Mexico and thus augment his forces for driving Carranza out of northern Mexico.

Falling in promptly doing up Carranza, he has only to raise another army by raiding some United States towns where the troops are asleep with their machine guns choked.

A WOODEN AGE.

SHADES of war rations and food dictators! Listen to this: They are making sausage casings out of wood, these days, in these United States; the sawdust diet we have with us in reality!

So when you spear the juicy wienie, or jab the succulent bratwurst, and stow it in your mouth without removing the sausage skin, you're dining on wood—W, double O, D, wood—the stuff that trees are made of.

THE News congratulates the police and county officers responsible for arrests resulting from automobile thefts in three states. Thefts extended over Texas, Oklahoma and Arkansas. It was up to Waco to make the arrests.

Letters From The People.

Editor Morning News,
Dear Sir:—I wish to bring to your view the fact that Waco police service need new equipment in the form of a "Hoodlum" car. The present equipment comprises a Henry Ford jitney which has been in use one year and three months, and a large car—name I have not learned—that is nearly nine years old.

Aside from the fact that efficiency, loss of time and comfort of driver could be considered, it seems to me that the best city in Texas should take enough pride in her equipment to purchase a car with modern equipment.

Not long ago I heard comments, in which the driver of our present "transporter of culprits" was bringing about starting his machine and reaching the scene of accident at the same time an ambulance had arrived. It seems that on this occasion the \$450 engine was in perfect good humor and didn't even cough, but ran right along.

While I am not in favor of carrying the offenders of law to justice in a twelve-cylinder car, equipped with plush-covered seats, large plate-glass mirrors and cut-glass vases with American beauty roses in them, I might at least aspire to a Buick, a Dodge or a Chevrolet with self-starting equipment.

To The Editor.
"The editorial in Monday's Morning News, 'Making the Schools Free,' was doubtless read with appreciative interest by those concerned for the welfare of the school children of Texas," said Louis H. Hicks of Waco last night. Mr. Hicks is district vice president of the Waco district.

"At the last meeting of the State Printers' council," continued Mr. Hicks, "a resolution was adopted strongly urging the state of Texas to install and operate a state-owned printing plant for the purpose of printing school books and other supplies and furnishing them to the school children of the state at cost. The council, which is composed of delegates from the various Typographical unions of Texas, realizes that since the compulsory school attendance law was passed, a hardship has been imposed upon thousands of parents of school children who are unable to buy books and school supplies. Evidence of this was disclosed in Waco recently when the public school superintendent made an appeal for donations of books for those unable to buy them. This hardship has been felt to a certain degree in many other cities and towns.

The difference between the cost of privately-printed school books and those printed by states which have state-owned printing plants is enormous, as the News says. It is said that the state of Kansas paid for its printing plant the first year in the reduced cost of school books. The union printers of Texas, who originated the movement which resulted in the passage of the textbook bill at the last session of the legislature, are working to have this bill amended so that it would be impossible to have school books printed outside of the state. If this effort is successful, it will mean the saving of millions of dollars to Texas which heretofore have gone to now go to the east. There are several members of the Texas legislature who are printers, and it is the purpose of one of these to introduce a bill at the present session providing for a state-owned printing plant. It is to be hoped that the bill shall receive the support of all friends of public school education throughout the state."

To The Editor:
Most everyone thinks that any and all of the things we think wrong could and would easily be righted if our favorite paper would only get "on the job." I am no exception and these are the wrongs—if such they may be called—that I hope to see righted soon. First, the obnoxious street soliciting done by the colored boys who work in shoe shining stands, and secondly, I want to see some several hundred of these steps, of Alpine height, on our streets brought down to a size that humans can negotiate with reasonable ease.

KAISERDOM TRIED TO FOSTER REVOLT IN INDIA REALM

BRITISH CALL PROPAGANDA MIS-
CALCULATED AND CLUMSY
THRUOUT THAT EMPIRE.

Associated Press Correspondence.

Simla, India, Feb. 13.—From a time early in the war right up to the present moment Germany has never ceased attempts to stir the Indian empire to revolt, according to Sir Charles Cleeve, director of criminal intelligence in this country. Sir Charles characterizes the plots as "clumsy, too theoretical, and based on a misunderstanding of Indian character," and declared that the scheme failed chiefly because of "the sanity of the great Indian public, which has withheld its support."

"It would be interesting to examine how far this miscalculation was due to a misunderstanding of normal Indian affairs," said Sir Charles. "and how far to a miscarriage of plans for causing trouble in India and among Indians during the war. My own impression is that Germany thought Indian would need very little extraneous prompting and assistance to rise against the British if the latter were in serious embarrassment owing to a big continual war, and that therefore not very much attention was paid by the German government to instigation in India before the war. Where and how did the German government get that idea? Was it conveyed to them by unknown secret agents or by their consular officers in India or by some over-confident Indian extremist or by British panic mongers? It is difficult to say for certain, but I remember that some years ago an Indian extremist leader used the following words to me:

"We shall certainly try to embarrass you actively in India if you have a war with a continental power or with Afghanistan. Our feelings are firm on that point, unless, indeed, self-interest or some special reason dictates a passive attitude to some or all of us. But never again will you find such positive assistance as we gave you at the time of the Boer war."

"My extremist friend went on to tell me that we were foolish to think we could count on the Indian army. At the time I thought my friend's attitude was pathetic in its self-delusion and time has shown that I was right."

The Song of the Thrifty Man

Oh, where is the store of the Thrifty Man—
The place where he always goes;
When ready to trade his hard-earned cash
For a suit of the niftiest clothes?

Oh, where is the place where QUALITY and STYLE
Go always hand in hand;
Where the Price that's asked will produce a smile
From anyone in the land?

Oh, where is the place that Economy claims
As her home in Waco town;
Where the boss can give you 10,000 names
Of men who never frown?

When asked where they bought the suit they wear
But who nod and smile instead
And give you the address then and there,
And tell you to go ahead?

Oh, where is the place that Courtesy dwells
Day in and day out through the year;
Where the Spirit of Friendship instinctively wells
Up in the hearts of all who come near?

Ask the first man you meet, and the second one, too,
And so on to the end;
It's a hundred to one they will all tell you
To go to Billy Hammond!

He has two stores where you can't go wrong—
Where it's always a pleasure to buy;
Where the fit is good and the clothes wear long
And you can't get "stung" if you try!

Now, here's a live tip from Uncle Sam Thrift
(It's a tip for the Thrifty men);
See Hammond today—do you get the drift?

Would Show Yankee Bankers Just a Few Tricks of Their Own

Associated Press Correspondence.

London, Feb. 13.—A demand for a "money dictator," whose duty would be to "show the Yankee bankers that they cannot rush up interest rates as they did some two months ago," is made by the Pall Mall Gazette.

"If the war lasts another year," said the article, "a money dictator will be the only way out of our trouble."

"The new British loan is a deliberate

attempt on the part of the chancellor of the exchequer to cut down the rate of interest that the nation has to pay on its borrowings. The issue of 6 per cent exchequer bonds was a fatal mistake and Mr. Bonar Law is not likely to repeat the blunder of his predecessor. He is a man of business and he told the bankers last week that he meant to get all the money needed for the war, and that he meant to get it as cheaply as he could. He did not talk compulsion, but he gave a pretty strong hint that if it was necessary he could be very firm indeed.

ARRANGEMENTS ARE MADE FOR OPENING TIRE SERVICE FIRM

NEW ESTABLISHMENT EVIDENCE
OF WACO BEING PROSPEROUS
AND WIDE-AWAKE.

That Waco is looked upon as a wide-awake, growing and prosperous city is again proven by the establishment in this city of a branch of Quick Tire Service, Inc., a big Texas company, which now has branches in Dallas, Fort Worth, Houston, San Antonio and El Paso.

H. L. Williford, secretary and sales manager of the company, with headquarters in Dallas, was in Waco yesterday, completing arrangements for the opening of this, the newest branch of the company in Texas. Mr. Williford states that the selection of Waco for a branch house was decided upon both because of the large number of automobiles here and because of the thrift, prosperity and splendid outlook for this growing and progressive city. Mr. Williford was enthusiastic in the extreme when he dilated on the apparent stability of Waco business and the prospects for the future greatness for the city. He believes that Waco is rightly considered one of the most progressive cities in the entire south.

Fixtures Being Installed.
Some time ago a lease was secured of the ground floor of the Praterian building, at the northwest corner of Sixth and Franklin streets, and also of the basement. Many alterations have been made and the fixtures are now being installed.

Mr. Williford states that Quick Tire Service, of which he is the originator, during 1916 answered 150,000 calls for their free service in the five cities where they now operate.

According to Mr. Williford, Quick Tire Service means more than the word service ordinarily conveys. Courtesy, he says, is rated high with his company. He says "It has always been our policy to give our patrons just a little more than they pay for or have any right to expect. We find that most people really appreciate service of this sort. We have never made any charge for the quick tire service we render, and will not in Waco. In keeping with this policy we carry oil and gasoline to those who call us, without charge for delivery. We do not carry these articles in stock and make no money on them. It is a mere matter of service to our patrons."

Skilled Workers Used.

A crew of the best and most skillfully trained mechanics, men who are familiar with every feature of tire service and vulcanizing, are to be employed by Quick Tire Service here, just as has been noted in the other five houses owned by the firm in this state. They will make a specialty of catering to ladies, who act as their own chauffeurs, or who employ drivers, and the service they are to give will be of the very best to be had.

Waco will also be made a distributing center for all of Central Texas for the tires sold by Quick Tire Service. This company has been called the largest retailers of auto tires in

Uniform Law Regulating Marriage Is Favored by Members of "Y" Senate

Members of the Y. M. C. A. senate last night discussed a bill providing that the United States should have a uniform law regarding marriage and divorce, at the regular meeting at 8 o'clock in the Y. M. C. A. The bill was passed.

W. J. Miller, R. A. Wylie and R. B. Anderson represented the affirmative side, while T. J. Conway, H. E. Thomas and D. A. Bertrand upheld the negative.

Talented Artists Appear Before Waco Music Lovers

Three talented artists were brought to Waco yesterday afternoon and appeared at Carroll chapel, Baylor university, under the auspices of the Junior European club. They were Miss Lois Brown, pianist; Winston Wilkin, violinist, and Francis Wheeler, Baritone.

All were well received. This concert was the last of a series of three.

Woman, Aged 60 Years, Sues Road for \$2,500

Alleging that September 22 she boarded an interurban car at Hillsboro starting to Waco and that the car soon became filled with negroes, many of which were intoxicated and used abusive language resulting in her becoming humiliated, embarrassed and ill, Mrs. Katherine Reese, aged 60 years, filed suit in the district court yesterday against the Texas Electric company for \$2,500.

Coldest Winter in Years Is Now Facing Japan

Tokio, Feb. 13.—Japan is experiencing the coldest winter in years. The hills and mountains are covered deep with snow. In the mountains of Nikko, but three hours' railroad journey from Tokio, seven lumbermen were lost in the snow and frozen to death. A storm did considerable damage at Kamakura-by-the-Sea, unroofing a number of houses and carrying away the wooden bridge which connects the mainland from the sacred island of Koshima. Many Chinese were frozen to death at Dairen, where the temperature registered 18 degrees below zero.

Hold Road Meeting.
County Engineer R. J. Windrow and County Commissioners addressed the foremen of road districts at a meeting in the courthouse yesterday. Best ways of improving county highways and getting best results from work were discussed. Nearly every road foreman attended.

the world. When this is considered, it may be better understood what the coming of this concern means to Waco.

A big amount will be spent by Quick Tire Service in Waco for equipment, salaries and the like, and will result in bringing here a number of very desirable families, each forming splendid additions to Waco's citizenship.

Scots Buy in Canada 10,000 Acres of Land

Associated Press Correspondence.

London, Feb. 13.—Two large English and Scottish co-operative trading societies have combined and bought in Saskatchewan, Can., more than 10,000 acres of land, which already is in cultivation. The products of this estate will supply with wheat the co-operative flour mills of Manchester, Glasgow, Newcastle, Bristol and London during the year.

The societies also have made important joint land purchases in India and Ceylon.

A voluntary petition in bankruptcy was filed in the federal court yesterday. The petition was filed by George W. Keas, a farmer. Liabilities were \$1486.16, assets \$210, with exemptions \$150.

They Are Stamping Out All Frauds In British Empire

Associated Press Correspondence.

London, Feb. 13.—Beginning next month every business man in Great Britain is required to print at the head of his business correspondence, whether catalogues, circulars or letters, the following particulars:

"If an individual, present Christian and surnames or any former names; also nationality if not British."

"If a firm, same details for every partner."

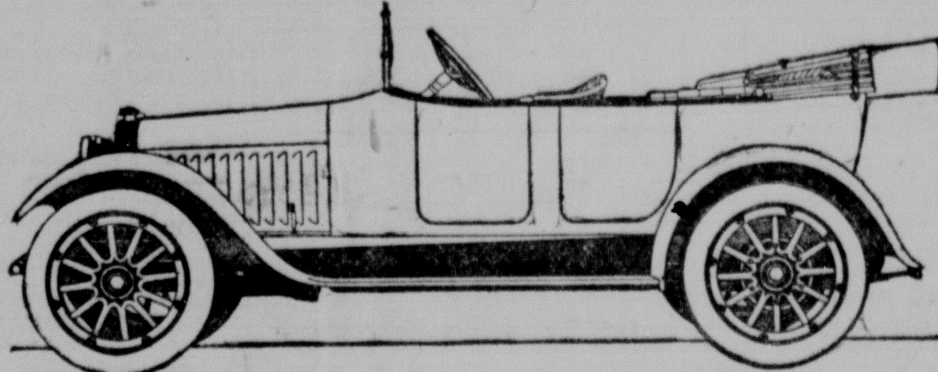

This requirement is part of the so-called "Business Names" act, passed through parliament without very much notice late last year. It was brought into being mainly by complaints about the ease with which a man could take any high-sounding names in order to bring him profit. It requires, as its

principal demand, that every man or woman who carries on business under a name which is not his or her own, must file full particulars with a public official, whose records will be open to the public at all times. Anyone must register who has at any time changed his name, with full particulars. It is expected that the newspapers will give considerable publicity to registrations which are at all suspicious, and thus prevent the use of high-sounding or aristocratic names by rogues. The registrar office is empowered to refuse registration to certain classes of names which are considered misleading or fraudulent. For instance, no firm whose business is conducted by aliens will be allowed to do business under the name of the English So-and-So Company.

Dave Fultz in Split With Nationals---Baseball Magnates Meet

Settlement Not Reached Yet In Baseball Split

National League and Players' Fraternity Come to Parting of Ways in Effort to Break "Strike"

By Associated Press.

New York, Feb. 13.—The National league and the Baseball Players' Fraternity came to the parting of ways here late today while Manager John J. McGraw, of the New York National league club, and President David L. Fultz, of the players' association, were in secret conference endeavoring to reach a common ground upon which the so-called strike of the players could be compromised. The senior organization passed unanimously a resolution abrogating the agreement made with the players at Cincinnati on January 4, 1914, and when McGraw returned to the meeting it first appeared as if his self imposed mission had been vain.

Later, when President Fultz of the National league read the resolution to the newspaper representatives, he explained that no discrimination was to be made against any player who might have been or continued to be a member of the players' association, but that the league would no longer recognize the organization and that all dealings in the future would be with the players as individuals. As this was the principal request made by Fultz in his conference with McGraw as a guarantee before taking steps looking toward the lifting of the strike order insofar as it affected the major league, it appeared that his request had received consideration.

Realize Seriousness.

That the magnates realized the seriousness of the situation that faces baseball both from internal and international complications was shown by the fact that baseball writers were called into the meeting of the league for one of the very few times in the forty-odd years of its existence and the following resolution was read after which the magnates stated that they were ready to answer any questions which might be asked:

"Whereas, the ball players' fraternity has violated the letter and spirit of an agreement made between the National league clubs and players entered into of date January 6, 1914, therefore be it, 'Resolved by the National league of professional baseball clubs that insofar as that league is concerned this agreement be and is hereby abrogated and all regulations between this league and said fraternity are hereby severed and terminated.'

When the resolution was shown to Fultz he refused to state what action the fraternity would take until he had consulted other officers of the organization.

Strike Not Off.

Whether Fultz will decide to call off the strike upon the National league resolution could not be learned tonight.

President Hermann of the Cincinnati club in explaining adoption of the resolution claimed that no major league player had any grievance and he challenged any person to prove the contrary. He insisted that Fultz had drawn up the tentative agreement as to the major league and minor league clubs of classification AA and A, paying the expenses of players to the training camps. The clubs of league of lower classification he said were not obligated to by this agreement because when it appeared in print President Sexton discovered that the part relating to league clubs of the lower classification was not in conformity with the original draft and Hermann produced a copy of a letter from Fultz to this effect.

Burden Too Great.

This letter, Hermann claimed, showed that the clubs of lower classification were not compelled to pay the entire transportation expenses of

NATIONAL LEAGUE OWNERS ASSEMBLE

By Associated Press.

New York, Feb. 13.—While the National league baseball club owners entered their reconvened annual meeting this afternoon with the apparent conviction that they had "nothing to discuss" insofar as the Baseball Players' Fraternity was concerned, it was the general understanding that in view of the international situation which it was agreed might affect the game this year, efforts looking towards a compromise would be made.

Minor officials of the New York Americans and Boston Nationals met before the magnates went into session but made denials that there was a trade in prospect which would bring Johnny Evers, the Braves' second baseman, to New York.

Repeal National League Agreement With Ball Players

By Associated Press.

New York, Feb. 13.—Abrogation by the National league of the agreement with the Baseball Players' Fraternity on January 6, 1914, known as the "Cincinnati agreement," was announced by the National league club owners after their meeting here today. It was reported from other sources, however, that a settlement of the players' strike might be expected along more reciprocal lines.

AGGIES AGAIN DEFEAT T. C. U.

Special to The News.

College Station, Feb. 13.—The Aggies defeated the T. C. U. quintet again tonight, 48 to 18. Although the Farmers used several substitutes, their superior team work was too much for the Fort Worth team. T. C. U. plays Rice in Houston tomorrow and Thursday.

Cotton Seed Oil Higher With Cotton Firmness

By Associated Press.

New York, Feb. 13.—Cotton seed oil was higher on scattered short covering and with firmness in cotton. Selling of March by refiners caused a setback in the afternoon, but final prices were 2 to 5 points above Saturday's close. Tenders 400 barrels; sales 12,700 barrels.

What about the Baylor Bear? They have one, but keep it in the museum most of the time. Why not purchase a real live bear and cage him where he could be used as a mascot when games are played in Waco? One disadvantage about this plan though would be the probability of Texas A. & M. students branding him 3 to 0.

Bennie Leonard has insured his hands for \$20,000. Bennie lost that amount some time ago because his wrist was out of order, and he was unable to match bouts. Wonder how much insurance "Percy Woodley" could get on his brains?

MARKET REPORTS

STRENGTH GROWS IN COTTON MARKET

By Associated Press.

New York, Feb. 13.—A more optimistic view of shipping and political conditions seemed largely accountable for increased strength in the cotton market early today. Bullish sentiment also was encouraged by the absence of spot prices over the holiday and there was buying of March here by southwestern spot houses.

The market opened firm at an advance of 17 to 27 points, with active months selling about 29 to 39 points net higher before the end of the first hour. Near months were relatively firm with May selling up to 16.02 while October advanced to 17.75. Private cables attributed the firmness in Liverpool to the trade buying and calling on the fear that reduced shipments from this side would lead to scarcity of cotton abroad.

COTTON ADVANCES \$3 ON THE BALE

OPTIMISTIC VIEW IN SHIPPING CIRCLES RESPONSIBLE.

By Associated Press.

New York, Feb. 13.—Cotton advanced about \$3 a bale in the market here today, due to a more optimistic view of shipping and international conditions, as evidenced by reports of an improved export demand. May contracts sold up to 16.45 during the middle of the afternoon, or about 80 above the closing prices of Saturday.

Liverpool, Feb. 13.—Cotton spot firm; good middling 10.54, middling 10.84, low middling 10.60.

Sales 80,000 bales, 1900 for speculation and export. Receipts 48,000.

Futures closed, near months firm; distant months quiet. February 10.54, February-March 10.50, March-April 10.47, April-May 10.41, May-June 10.36, June-July 10.30, July-August 10.25, August-September 10.20, September-October 9.77, October-November 9.63, November-December 9.56, December-January 9.53, January-February 9.50, February-March 9.50.

A private estimate placing domestic consumption of lint cotton at 58,000 bales for the month of January, or next to the largest for any one month on record, may have helped the advance during the middle of the morning. May contracts sold up to 16.03, with active months generally working about 30 to 40 points net higher. Business then tapered off but the market continued very steady, holding within 3 or 4 points of the best shortly after midday.

Galveston Prices. Galveston, Feb. 13.—Middling 16.60c; receipts 12,108; exports 18,899; sales 725; stock 299,730.

SUBSTANTIAL GAIN IN COTTON PRICES

BETTER CABLES STIMULATED GOOD DEMAND ON MARKET.

New Orleans, Feb. 13.—Better cables than due stimulated a good demand for cotton around the opening of this market today and prices made a ready response. During the first half hour of business the active months advanced 13 to 37 points, old-crop positions showing the most strength.

On a very quiet tone and small trading the market turned strong in the afternoon and prices were sent to a level 66 to 88 points over last week's final figures.

Bullish traders called the market sold out and oversold. Reports from England quoting government statistics to show that exports of yarn and cloths during January were larger than during the same month last year aroused much comment.

On a steady demand the market gradually advanced until toward noon it stood 32 to 43 points up net. Spot accounts were favorable and much was heard of an increased demand for cotton goods.

BASEBALL MAGNATES BEGIN MOMENTOUS MEET IN NEW YORK

TROUBLE WITH PLAYERS' FRATERNITY WILL BE DISCUSSED DURING CONFERENCES.

By Associated Press.

New York, Feb. 13.—Major and minor baseball magnates from all parts of the country are gathering here today for what is expected to be one of the most momentous series of conferences in the history of the national game. The National league will set the ball rolling with its reconvened annual meeting and scheduled meeting this afternoon, which will be followed by the meeting of the national committee tomorrow. On Thursday the American league club owners will gather to pass on the schedule and consider matters previous to the opening of the pennant season, while on Friday the international league will meet in Newark to discuss the baseball situation in the minor leagues.

During these various meetings there will be a number of general conferences at which there will be discussion of the trouble with the Players' Fraternity, changes in the rules governing the financial arrangements of the world's series, proposed reduction in the size of the playing squads, conduct of baseball in case of war, and other matters in addition to the usual efforts to trade or purchase players.

Several changes in the playing rules have been suggested by both players and fans since the close of the 1916 playing season, but it is not likely that the joint committee on rules will take any drastic action this year.

On a steady demand the market gradually advanced until toward noon it stood 32 to 43 points up net. Spot accounts were favorable and much was heard of an increased demand for cotton goods.

WACOAN RE-ELECTED HEAD OF TEXAS EGG AND BUTTER ASSOC.

OVER 100 SHIPPERS VISIT WACO YESTERDAY TO HOLD ANNUAL MEETING.

Officers Elected.
President—P. E. Woolfolk, Waco. Vice President—Theodore Wester, Sulphur Springs. Secretary—Treasure—W. C. Witcheer, Brownwood.

Meeting in third annual session, the Texas Egg, Poultry and Butter Shippers' association yesterday convened at the Hotel Raleigh. Discussions, election of officers and a banquet featured the meeting.

Over a hundred members attended, including out-of-state buyers. The organization is composed of carlot shippers in Texas who by estimate handle from January to June each year 800 cars of eggs, 500 cars of turkeys during the fall and 500 cars of live poultry in twelve months.

Those representing firms of their own or with prominent connections with big buying firms who attended were: Horace Leppman of Chicago, W. M. Helt of Jefferson City, Mo., S. E. Murray of San Della, Mo., C. V. Lewis of Boston, C. J. Bowman of Chicago, W. J. Coats of St. Louis, Edwin Bunkers of New York, Burt Butts of New York, Walter Gotthelm of Chicago, F. L. Hozart of St. Louis, W. D. Voelker and wife of Tulsa, Okla., H. E. Ritchie of St. Louis, H. F. Pond of New York, T. W. Johnson of New York, J. Walter Beggs of New York, S. A. Sugar of New York, Herbert Frankel of New York, S. Werner of New York, W. P. Johnson of Chicago, D. L. Quinn of Chicago and R. W. Pirke of Mansfield, Ill.

H. B. Patton of Bloomington, Ill., president of the national organization of poultry, egg and butter shippers, addressed the session. H. A. McAleer of Philadelphia of the United States department of agriculture, interested the members with demonstrations of advanced methods of refrigeration, having cars on the tracks here for that purpose. Pirke of Mansfield, Ill., known as the "goose king," was included in the attendance, as was also E. P. Weller, Texas representative of the Kansas City Packer.

When the organization met yesterday morning at the Raleigh hotel at 10:30, Mayor John Dollins delivered an address of welcome, responded to by President P. E. Woolfolk of the Waco organization. Secretary W. C. Witcheer of Brownwood then submitted his annual report.

Traffic Manager H. D. Driscoll of the Waco Chamber of Commerce spoke of the meeting, indicating how the Texas traffic men have prevented an increase of rates for shipping and proposed increases in icing rates which would operate adversely for the organization. A closed session will be held in Dallas during the State Fair next October to discuss the turkey movement.

F. G. Abbey presided as toastmaster at the banquet last night.

A. A. HYDE TALKS TO UNION TUESDAY

A. A. Hyde of Sherman, state secretary of the Christian Presbyterian Endeavor, addressed the union Endeavor meeting last night at the Central Presbyterian church. Every local chapter was well represented. Attendance banner was given the Central Presbyterian society.

It was decided to send two delegates to the annual district meeting in March at Tehuacanah. Announcement was made that Kahl Lehman of Birmingham, Ala., will speak at the Morrow Street church in March.

Would Organize Junior Commercial Club Here

To organize a Junior Commercial club, certain young men of Waco will call a meeting soon and perfect the club, so it was stated yesterday by B. E. Barnes and J. E. Farmer, who are active in the matter. Young men between the ages of 16 and 21 will be asked to join. The objects were yesterday stated to be similar to those of the Y. W. B. L., except that members will be younger men.

WACO WILL HAVE ANOTHER BIG STORE

CONTRACT LET YESTERDAY FOR SANGER BROS. BUILDING.

Contract for the new building which will be erected for Sanger Brothers at the northeast corner of Austin and Fourth streets yesterday was awarded to Herman Gross. The new three-story and basement structure will cost approximately \$150,000.

Work on the building will begin either the latter part of this week or the first part of next. Mr. Gross has constructed a number of large buildings in Waco.

The new building will front about 200 feet on Austin street and be 165 feet in depth. Plans, drawn by Milton W. Scott & Co. of Waco, provide for one of the most complete retail stores in Texas, with enormous floor space.

Feel Satisfied That New Bill Will Pass for New Road Plan

The bill which will make it possible for McLennan county to vote on a county-wide road improvement plan is ready for introduction in the legislature. No difficulty is anticipated in securing its passage. County Engineer R. J. Windrow yesterday was assured that the bill would pass, as were also committees from the Y. M. B. L.

The road improvement plan for the whole county only cost about 11 cents on the \$100 valuation, in addition to the present tax, and the new bill provides outstanding bonds may be exchanged for the country-wide issue or may be bought outright.

Former Police Officer Visits Waco for the First Time Since 1885

For the first time in thirty-two years M. F. Amonett of Lander, Wyo., in Waco and frankly confessed amazement at the changes wrought since he was here in 1885. Mr. Amonett has succeeded well, being an auto dealer and stockman. He will be in Waco a few days, visiting old friends. He was a police officer under Luke Moore many years ago in Waco, when Mr. Moore was city marshal. In the discharge of his duties in 1885 here, Mr. Amonett had to kill one man and wound another.

CITY GOVERNMENT POLITICAL DISEASE SAYS AYNESWORTH

ADDRESSES Y. M. B. L. IN BOOSTER MEETING HELD LAST EVENING.

City government today is a political disease, political bandits are existing, many office holders are incompetent and a general change in the ruling of cities is in demand.

Such were points of an address last night before the Young Men's Business League's general meeting by Dr. K. H. Aynesworth. Mayor H. D. Landsley of Dallas had been scheduled for the principal address but could not attend.

Waco stands a good chance to get the Tenth court of civil appeals, in line for the state railroad extension from Palestine and will be host to several conventions in the near future, according to reports.

In the absence of President Robert E. Dupree, Vice President E. C. Blomeyer presided. Financial reports were read by R. E. L. Montgomery.

To Raise Convention Fund.

Five thousand dollars will be needed to entertain conventions in the next few months, according to a report of the chairman of the convention committee, John Wyche. To meet this expense he said a campaign will be started February 15, with teams to canvass the city and report daily at Y. M. B. L. noon luncheons. The W. O. W. and K. of P. conventions are among the coming gatherings bringing a total of about 1500 people. He stated through the co-operation of the Chamber of Commerce the State Teachers' association convention for next year had been secured. J. P. Everett made a motion for the convention committee to try to get the next State Press association convention. The motion carried.

"McLennan county should make further efforts to get an instructor for the girls' canning clubs," stated P. E. Goodman, chairman of the agricultural committee, in his report. He said county commissioners had been asked for an appropriation to help pay the salary of the instructor.

Special committees are making trips to Austin to get the state railroad extended from Palestine to Waco, reported Perry Duncan. "Interest in the project is found at points between the two places," he said.

D. E. Hirschfeld reported that a blue print showing how Seventh street will appear when opened had been drawn and it was only a matter of time until the street would be opened.

John Green, new resident of Waco, was introduced. Frank Clark, who recently banqueted Y. M. B. L. directors, made a short address. Suggested by W. V. Crawford, endorsement was given the proposed paving of South Fifth street and the connecting of paved streets with county roads.

Appreciates Work of Fire Department; Hands Chief \$25 Toward Special Fund

In appreciation of efforts of the Waco fire department in quelling a fire at his home on February 4, H. W. Carver yesterday sent \$25 to Fire Chief Ed Bauerle. Donations such as these are applied on a special fund and this will be added.

Parent-Teacher Body to Hear Talk by Principal of Bell's Hill Tonight

"Cleanliness, Mentally, Morally and Physically" will be the subject of a talk by Prof. Roy L. Grogan, principal of the Bell's Hill school, tonight at the regular monthly social center meeting of the Parent-Teacher association of Lake View. The meeting will be held at the school house beginning at 8 o'clock.

A "thorough study of 'Child Nature'" is being made by the organization. The subject tonight is one of the series dealing with this topic.
